**Page 2**

25X1 4. [ ] Talked with Miss Watterson in  
Senator Cotton's office about [ ] a surplus personnel  
25X1 case. The Senator is interested in the reasons for [ ] termina-  
25X1 tion [ ] and we have agreed to give her  
a letter for the Senator's information.

25X1 5. [ ] Mr. Warner, [ ]  
25X1 [ ] (Commo) met with Mr. John Leahy (State Depart-  
ment Congressional Relations) and Deputy Assistant Secretary of  
State for Operations, Mr. Henry H. Ford, to discuss plans for  
action on the House and Senate bills to amend section 303 of the  
Communications Act to permit reciprocity with foreign countries  
in the establishment of low power radio transmitters. (See  
Memorandum for the Record for details.)

25X1 6. [ ] Harry Dugan, Security,  
25X1 called to say that [ ] who was referred to the  
Agency by Senator Tower, has contacted Security in connection  
with a request from the Senator that she assist him in some office  
work tomorrow, without compensation. I advised Dugan that he  
should determine that this work would not involve work of a  
political nature and suggested that he indicate to [ ]  
that the Agency did not object on a single instance of this sort,  
but that she should not become involved in working periodically  
for the Senator.

25X1 7. [ ] In response to Senator  
Jacob K. Javits' letter of 17 May concerning Soviet press agency  
reaction to Senator Javits' letters and statements on the situation  
of the Jews in the Soviet Union, I advised Mr. Alan Lesser,  
Executive Assistant to Senator Javits, that it had not been possible  
to have a letter signed by Mr. McCone before his departure from  
the city today. (See Journal item of 28 May.) I briefed Mr. Lesser  
in accordance with the content of the letter that had been prepared  
for Mr. McCone's signature and requested that in any use of the  
information provided, there be no attribution as to the source of  
the information. Mr. Lesser thanked us for the information and  
indicated that no attribution would be given. No written response  
to the Senator's letter will be required.
